UNIVERSITY DESCRIPTION

Founded in 1994, we are we are a modern, multi-award-winning university of applied sciences, ranked as one of the best UAS in Germany. We strive for academic excellence and are committed to producing global graduates with international degrees in Business, Tourism, Computer Science, Engineering and Healthcare. The total student population of nearly 8,000 includes approx. 30% international students from all over the globe. Our staff have extensive international experience and originate from over 100 countries around the globe.

We are a member of the European University Association (EUA), Europe’s largest association to ensure the best practice in teaching standards.

Focus areas

Three teaching campuses in Deggendorf, Pfarrkirchen und Cham are perfect environments equipped with great facilities providing unparalleled possibilities for studying, researching and teaching. We provide undergraduate and postgraduate programmes, including research doctorate opportunities in cooperation with partner universities. R&D is undertaken in collaboration with national and international companies mainly in our 12 unique technology campuses that each focus on a particular area to develop customised solutions for immediate industrial use.

Idyllic Location

Located in Bavaria in southeast Germany in a relaxed urban environment among beautiful countryside in the heart of Europe. The stunning natural environment provides a huge range of leisure activities, including winter and water sports. All university campuses enjoy riverside locations near to the town centres, with amenities including shops and restaurants easily within walking distance. The Alps, the cosmopolitan city of Munich and the border to Austria are only one hour away.

A UNIQUE RESEARCH LANDSCAPE

Our three teaching campuses are supported by a network of eleven technology campuses (TCs). To push progress in applied R&D. All TCs are dotted around the region of Eastern Bavaria relatively close to the main flagship campus in Deggendorf. Each has a particular field of specialisation:

- Healthcare campus Bad Wörishofen: Healthcare, prevention of illness & injury
- TC-Cham: Mechatronic systems, automation
- TC-Tegernsee: Computer science, bionics
- TC-Grafenau: Supply chain management, data analytics
- TC-Thurnau: Simulation
- TC-Parsberg/Lupburg: Digital production
- TC-Werking: Modern mobility
- TC-Teisnach: Glass technology
- TC-Forchheim: Semiconductor technology
- TC-Cham: Sensing technology I 4.0
- TC-END: Optics
- TC-Weißenburg: Operational stability, development of materials
- B12: Oberschreitening

INTERNATIONAL RECOGNITION

WURIs (Worlds Universities with Real Impact) ranking:
- Entrepreneurship rank in 100 top worldwide
- Rank in 200 top worldwide
