▶ JOB ROCK-IT EXPLAINED

It's not rocket science to find a job in Germany!

You have the chance to participate in a range of lectures, workshops and seminars that will provide you with the skills to successfully find an internship, a working student position or a company collaboration for your bachelor/ master thesis and later professional full-time employment in Germany.

Please note that you must participate in the classes in a specific order. By completing each level you will unlock rewards to help you with your studies, and after finishing all three levels you will receive a certificate of completion.

▶ REGISTRATION

Register only once for the whole programme via: jobrockit@th-deg.de

After registration, you will receive an email to your student account containing a link to the seminar platform where you can sign up for each seminar individually.

If something comes up that prevents you from attending a seminar you are registered for, you are required to inform us at least 24 hours before the seminar takes place. Otherwise you are excluded from the Job Rock-It programme.

We can't guarantee a place in every seminar or that all seminars are held every semester. Therefore, we ask you to sign-up as soon as possible!

▶ ENQUIRIES

You can get in touch with us at jobrockit@th-deg.de.

▶ SEMINAR GUIDE
